

How to install Corporate Internet Banking

How to install ebanking service on customers' computer? ICBC

Visit “www.icbcthai.com”

The screenshot shows the ICBC (Thai) website interface. The browser address bar displays http://www.icbcthai.com/services/Pages/_en/home/Default.aspx. A blue callout box with the text "Select language TH/EN/CN" points to a language selection menu in the top right corner, which is highlighted with a red box and contains icons for Chinese, English, and Thai. Below the header, there are navigation tabs for "home", "about us", "investor relations", and "services / products". A secondary row of links includes "related sites", "work with us", and "contact us". On the left side, under "Internet Banking", there are buttons for "Personal Banking" and "Corporate Banking", both with "Electronic Slip" links. A large banner in the center features the ICBC logo and Thai text "ธนาคารไอซีบีซี (ไทย)... ส่วนงานใหม่" and "Your Global Partner". A blue callout box with the text "Select 'Channel'" points to the "Channel" option in a vertical menu on the right side of the page, which is highlighted with a red box. Other options in the menu include Deposit, Bank Card, Cash Management, CNY Service, Lending, Trade Finance, Foreign Exchange, Bahtnet Service, NCB, and Asset For Sale. Below the banner, there is a paragraph of text about ICBC (Thai) and its global presence, followed by a "Call Center 0 2629 5588" button. At the bottom, there are three smaller promotional tiles for "Rates and Fee", "Promotion Credit Card", and "About ICBC".

- Form fields:
 - Current Password:
 - New Password:
 - Confirm New Password:
 - Please enter the validation code: (with a refresh button)
 - Corporate Customer Number:
- Buttons: Confirm, Reset
- Instruction: It is suggested to enter a 8-digit password combining letters and numbers. Please avoid setting [Password of low security](#).

Notes:

1. Since the logon password for the Internet banking you reserved at our business office is purely digital, system will request for password change at the time of your initial logon in order to assure the safety of your password, you can continue to use only after password has been changed. Newly input password shall have a length between 6 and 30 digits and can be a combination of letters and numbers.
2. If you forgot your password, you can change the password through this function after password reset at our business office so as to strengthen the security of Internet banking.

If changing password is completed. Please logon again by using new password
