

# ICBC Messenger Your Account Security Guard

## Introduction to ICBC Messenger

"ICBC Messenger" is a service provided by ICBC which sends business reminders to customers' mobile phones or mailboxes via SMS, email and mobile APP. This function can help you prevent the fund security risk caused by fake base stations and fraudulent SMS messages, allowing you to instantly receive the messages of corporate assets changes, and help to protect account and transaction security.

## Why choose ICBC Messenger?

- **Convenient and fast:** The news-sending methods include SMS, email, and corporate mobile banking APP push notification. The APP push notification is convenient like SMS that allows you to receive the messenger any time as long as you connect the internet.
- **Timely and efficient:** help you keep track of your account information anytime, anywhere, and easily control the company's account information.
- **Comprehensive information:** It provides account change reminder, fixed-time balance reminder, reminder for collection and distribution of cash pool, reminder for fixed deposit maturity, password change reminder, and transaction authorization reminder.

# How to use ICBC Messenger

**STEP 1** Log in to Corporate Internet Banking, click **ICBC Messaging** → Set receiving option, set the contact information of all customers' ID from your company:

>> ICBC Messaging > Set receiving option

**Set receiving option** >> Help

The following is the ID and contact information of all customers of the company, please select and maintain the contact method you want to use for ICBC to send SMS or e-mail:

Customer ID:	C	Contact No.:	65	Example:	
		Mailbox address:		Exam	
Customer ID:	Y	Contact No.:	65	Example:	
		Mailbox address:	zh	m.cn	Exam
Customer ID:	K	Contact No.:	65	Example:	
		Mailbox address:	n	Exam	
Customer ID:	LI	Contact No.:	65	Example:	
		Mailbox address:	hi	Exam	

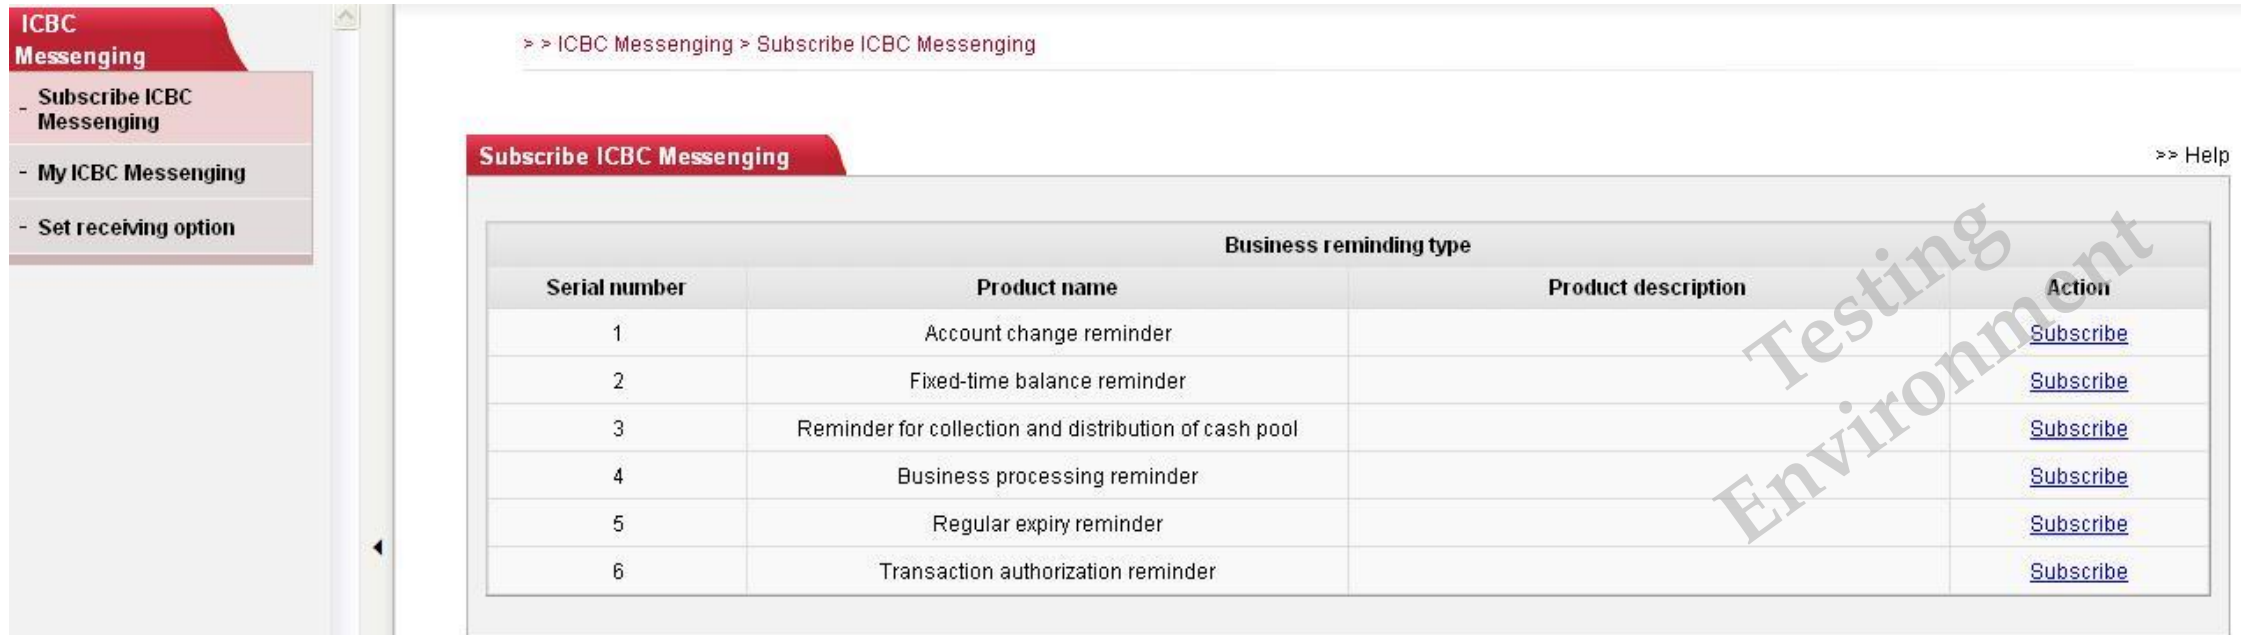

Note: After this setting, you still need to modify the Messenger service already contracted.

Confirm Cancel
