

Internet Banking Access User Guide

Introduction to ICBC Internet Banking

- With our Internet Banking platform, you can perform a **wide range of transactions securely** including account information management, payment and collection, centralised fund distribution and investment management.

Why choose ICBC Internet Banking?

- **Flexible:** Depending on your requirements, choose products/services in different combinations to effectively manage company funds.
- **Convenient:** Backed by our centralised processing platform, your instructions are processed within the shortest time possible for you to get a full picture on all company accounts, manage payment/collection and allocate funds efficiently.
- **Comprehensive:** Access all our services through our “one-stop” Internet Banking portal anytime and anywhere.

3 steps to access Internet Banking

STEP 1 E-Token Activation

Please make sure that you have received the e-token device and activation code list.

Group number:	010392000000580
Chinese name of the group:	XEXRXEXSX XIXGXPXR XTX XTX
English name of the group:	[REDACTED]
Internet banking login ID:	[REDACTED]
Serial number of Password token:	2152100000000844
Activation code for Password token:	657959424571

3 steps to access Internet Banking

STEP 1 E-Token Activation

Press and hold the red button for a few seconds to turn on the token.

3 steps to access Internet Banking

STEP 1 E-Token Activation

Enter the 12-digit activation code for the token that is shown in the activation code list above.

3 steps to access Internet Banking

STEP 1 E-Token Activation

Set a new 6-digit password for your token and key in the new password again for confirmation.

Once the set-up is complete, the **first** Dynamic Password shown is only for acknowledging the successful authorisation, please wait for the **second** 6-digit password for Internet Banking usage.

Please note that if the **two passwords do not match**, the token will be locked for security reasons. If so, please contact our relationship managers to assist in unlocking it.

3 steps to access Internet Banking

STEP 2 Visit the ICBC Singapore Branch homepage.

The address is <https://singapore.icbc.com.cn/ICBC/海外分行/新加坡网站/en/>

Click 'Corporate Banking' under User Login, to enter the log in page

3 steps to access Internet Banking

STEP 2 Choose 'Password + Token Login' and key in the required information accordingly

The screenshot shows the ICBC Internet Banking login interface. At the top, the ICBC logo and '中国工商银行 企业网上银行' are displayed on the left, and '金融 通道' is on the right. A system announcement banner reads: 'System Announcement: ...king, please call 63695588(24 hours) or 67695588(Mon-Fri, 9am-6pm)'. On the left side, there is a navigation menu titled 'Internet Banking Help' with links for Corporate, Mobile, Banking, PayNow, and Corporate>. The main content area is titled 'Password+Token Login' and contains the following fields and instructions:

- User ID:
- Password:
- Enter Verification Code:
- Dynamic Password:

Below the dynamic password field are 'Login' and 'Back' buttons. A watermark 'Testing Environment' is visible across the login form.

3 steps to access Internet Banking

STEP 2 Please use the token to retrieve the Dynamic Password by turning it on and pressing “OK”

For the **first** login into Internet Banking, you will need to change your login password.

Please key in the **original password** and follow the prompts accordingly.

3 steps to access Internet Banking

STEP 3 Click “Login” and the webpage will direct you to the Modify-Password webpage

Modify Password
XEXRXESX XIXGXPXR XTX XTX Internet

Customer service: a group of functions provided to manage the customer reserved data and password of Internet banking.

Current Password:

New Password:

It is suggested to enter a 8-digit password combining letters and numbers. Please avoid setting [Password of low security](#)

Confirm New Password:

Please enter the validation code: [Refresh verification code](#)

Corporate Customer Number:

When changing your password, you will need to enter the **group number** that can be found in your activation code list and enter the **Dynamic Password** once again for verification.

3 steps to access Internet Banking

STEP 3 After successfully changing your password, you will need to login again.

Modify Password
XEXRXESX XIXGXPXR XTX XTX Internet Banking Service

Customer service: a group of functions provided to manage the customer reserved data and password of Internet banking.

Successfully changed your logon password. The new password will take effect at the next logon.

[Logon again](#)

Notes:

1. Since the logon password for the Internet banking you reserved at our business office is purely digital, system will request for password change at the time of your initial logon in order to assure the safety of your password, you can continue to use only after password has been changed. Newly input password shall have a length between 6 and 30 digits and can be a combination of letters and numbers.
2. If you forgot your password, you can change the password through this function after password reset at our business office so as to strengthen the security of Internet banking.
