

INDUSTRIAL AND COMMERCIAL BANK OF CHINA (ASIA) LIMITED 中國工商銀行(亞洲)有限公司

(Incorporated in Hong Kong with limited liability)

STANDARD TEMPLATES FOR DISCLOSURES IN RELATION TO REGULATORY CAPITAL

FOR THE YEAR ENDED 31 DECEMBER 2016

Transition Disclosures Template

Amounts subject to pre-Basel III treatment

	CET1 capital: instruments and reserves		
		HK\$'000	
1	Directly issued qualifying CET1 capital instruments plus any related share premium	36,379,331	
2	Retained earnings	35,976,769	
3	Disclosed reserves	2,606,686	
4	Directly issued capital subject to phase out from CET1 capital (only applicable to non-joint stock companies)	Not applicable	
	Public sector capital injections grandfathered until 1 January 2018	Not applicable	
5	Minority interests arising from CET1 capital instruments issued by consolidated bank subsidiaries and held by third parties (amount allowed in CET1 capital of the consolidation group)	0	
6	CET1 capital before regulatory deductions	74,962,786	
	CET1 capital: regulatory deductions		
7	Valuation adjustments	121,184	
8	Goodwill (net of associated deferred tax liability)	980,154	
9	Other intangible assets (net of associated deferred tax liability)	29,773	0
10	Deferred tax assets net of deferred tax liabilities	269,650	
11	Cash flow hedge reserve	143,232	
12	Excess of total EL amount over total eligible provisions under the IRB approach	0	0
13	Gain-on-sale arising from securitization transactions	0	
14	Gains and losses due to changes in own credit risk on fair valued liabilities	0	0
15	Defined benefit pension fund net assets (net of associated deferred tax liabilities)	0	0
16	Investments in own CET1 capital instruments (if not already netted off paid-in capital on reported balance sheet)	0	0
17	Reciprocal cross-holdings in CET1 capital instruments	0	0
18	Insignificant capital investments in CET1 capital instruments issued by financial sector entities that are outside the scope of regulatory consolidation (amount above 10% threshold)	0	0
19	Significant capital investments in CET1 capital instruments issued by financial sector entities that are outside the scope of regulatory consolidation (amount above 10% threshold)	0	0
20	Mortgage servicing rights (amount above 10% threshold)	Not applicable	
21	Deferred tax assets arising from temporary differences (amount above 10% threshold, net of related tax liability)	Not applicable	
22	Amount exceeding the 15% threshold	Not applicable

^{*} This refers to the position under the Banking (Capital) Rules in force on 31 December 2012.

Notes to the template:

Elements where a more conservative definition has been applied in the BCR relative to that set out in Basel III capital standards:

Row No.	Description	Hong Kong basis	Basel III basis	
	Other intangible assets (net of associated deferred tax liability)	29,773	29,773	
9	Explanation As set out in paragraph 87 of the Basel III text issued by the Basel Committee (December 2010), mortgage servicing rights (MSRs) may be given limited recognition in CET1 capital (and hence be excluded from deduction from CET1 capital up to the specified threshold). In Hong Kong, an AI is required to follow the accounting treatment of including MSRs as part			
	Deferred tax assets net of deferred tax liabilities	269,650	0	
10	Explanation As set out in paragraphs 69 and 87 of the Basel III text issued by the Basel Committee (December 2010), DTAs that rely on future profitability of the bank to be realized are to be deducted, whereas DTAs which relate to temporary differences may be given limited recognition in CET1 capital (and hence be excluded from deduction from CET1 capital up to the specified threshold). In Hong Kong, an AI is required to deduct all DTAs in full, irrespective of their origin, from CET1 capital. Therefore, the amount to be deducted as reported in row 10 may be greater than that required under Basel III.			
	The amount reported under the column "Basel III basis" in this box represents the amount reported in row 10 (i.e. the amount reported under the "Hong Kong basis") adjusted by reducing the amount of DTAs to be deducted which relate to temporary differences to the extent not in excess of the 10% threshold set for DTAs arising from temporary differences and the aggregate 15% threshold set for MSRs, DTAs arising from temporary differences and significant investments in CET1 capital instruments issued by financial sector entities (excluding those that have loans, facilities and other credit exposures to connected companies) under Basel III.			

Insignificant capital investments in CET1 capital instruments		
issued by financial sector entities that are outside the scope	0	0
of regulatory consolidation (amount above 10% threshold)		

Explanation

For the purpose of determining the total amount of insignificant capital investments in CET1 capital instruments issued by financial sector entities, an AI is required to aggregate any amount of loans, facilities or other credit exposures provided by it to any of its connected companies, where the connected company is a financial sector entity, as if such loans, facilities or other credit exposures were direct holdings, indirect holdings or synthetic holdings of the AI in the capital instruments of the financial sector entity, except where the AI demonstrates to the satisfaction of the Monetary Authority that any such loan was made, any such facility was granted, or any such other credit exposure was incurred, in the ordinary course of the AI's business.

Therefore, the amount to be deducted as reported in row 18 may be greater than that required under Basel III. The amount reported under the column "Basel III basis" in this box represents the amount reported in row 18 (i.e. the amount reported under the "Hong Kong basis") adjusted by excluding the aggregate amount of loans, facilities or other credit exposures to the AI's connected companies which were subject to deduction under the Hong Kong approach.

Significant capital investments in CET1 capital instruments		
issued by financial sector entities that are outside the scope	0	0
of regulatory consolidation (amount above 10% threshold)		

Explanation

For the purpose of determining the total amount of significant capital investments in CET1 capital instruments issued by financial sector entities, an AI is required to aggregate any amount of loans, facilities or other credit exposures provided by it to any of its connected companies, where the connected company is a financial sector entity, as if such loans, facilities or other credit exposures were direct holdings, indirect holdings or synthetic holdings of the AI in the capital instruments of the financial sector entity, except where the AI demonstrates to the satisfaction of the Monetary Authority that any such loan was made, any such facility was granted, or any such other credit exposure was incurred, in the ordinary course of the AI's business.

Therefore, the amount to be deducted as reported in row 19 may be greater than that required under Basel III. The amount reported under the column "Basel III basis" in this box represents the amount reported in row 19 (i.e. the amount reported under the "Hong Kong basis") adjusted by excluding the aggregate amount of loans, facilities or other credit exposures to the AI's connected companies which were subject to deduction under the Hong Kong approach.

Insignificant capital investments in AT1 capital instruments			
issued by financial sector entities that are outside the scope	0	C)
of regulatory consolidation (amount above 10% threshold)			

Explanation

The effect of treating loans, facilities or other credit exposures to connected companies which are financial sector entities as CET1 capital instruments for the purpose of considering deductions to be made in calculating the capital base (see note re row 18 to the template above) will mean the headroom within the threshold available for the exemption from capital deduction of other insignificant capital investments in AT1 capital instruments may be smaller. Therefore, the amount to be deducted as reported in row 39 may be greater than that required under Basel III. The amount reported under the column "Basel III basis" in this box represents the amount reported in row 39 (i.e. the amount reported under the "Hong Kong basis") adjusted by excluding the aggregate amount of loans, facilities or other credit exposures to the AI's connected companies which were subject to deduction under the Hong Kong approach.

Insignificant capital investments in Tier 2 capital instruments		
issued by financial sector entities that are outside the scope	0	0
of regulatory consolidation		

Explanation

The effect of treating loans, facilities or other credit exposures to connected companies which are financial sector entities as CET1 capital instruments for the purpose of considering deductions to be made in calculating the capital base (see note re row 18 to the template above) will mean the headroom within the threshold available for the exemption from capital deduction of other insignificant capital investments in Tier 2 capital instruments may be smaller. Therefore, the amount to be deducted as reported in row 54 may be greater than that required under Basel III. The amount reported under the column "Basel III basis" in this box represents the amount reported in row 54 (i.e. the amount reported under the "Hong Kong basis") adjusted by excluding the aggregate amount of loans, facilities or other credit exposures to the AI's connected companies which were subject to deduction under the Hong Kong approach.

Remarks:

The amount of the 10%/15% thresholds mentioned above is calculated based on the amount of CET1 capital determined under the Banking (Capital) Rules.
