Fill in your information

Click "Verify reservation information"

Input Verification code

Activate Mobile Token

1 Identity card verification 2 Verify one-time password 3 Set up Mobile Token password

Set up Password Please enter the password

Confirm Password Please enter the password again

Confirm

Tips:
1. This password should be different from the password of "Card (Account) Number / User Name" and "Login Password" when logging in to Mobile Banking and Personal Internet Banking.
2. After this password is established, you can still use your "Card (Account) Number / Username" and "Login Password" to log in to your personal online banking and mobile banking at other devices.
3. The password of the mobile security code must be 6 digits of numbers.
4. The password cannot contain 6 sequential digits, and cannot contain 6 identical digits.
