

ICBC Asset Management (Global) Funds – ICBC Asset Management China & Hong Kong Vision Fund

- The ICBC Asset Management China & Hong Kong Vision Fund (the "Sub-Fund") may invest primarily in certain industries or geographical regions. To the extent that an industry or a geographical region in which the Sub-Fund invests fall out of favor, the Sub-Fund's performance may be negatively affected.
- The value of investment and the income derived may fall or rise and investors may not recoup the original amount invested in the Sub-Fund. The value of investment may be affected by uncertainties such as international, political and economic developments or changes in government policies.
- Equity markets may fluctuate significantly with prices rising and falling sharply, and this will have a direct impact on the Sub-Fund's net asset value. When equity markets are extremely volatile the Sub-Fund's net asset value may fluctuate substantially.
- Investments in the PRC will be sensitive to any significant change in political, social or economic policy in the PRC. Such sensitivity may, for the reasons specified above, adversely affect the capital growth and thus the performance of these investments. PRC government's control of currency conversion and future movements in exchange rates may adversely affect the operations and financial results of the companies invested in by the Sub-Fund.
- The Sub-Fund may encounter difficulties in valuing and / or disposing of assets at their fair price due to adverse market conditions and / or large-scale redemptions.
- This is an investment product. The investment decision is yours but you should not invest unless the intermediary which offers you the Sub-Fund has advised you that the Sub-Fund is suitable for you having referred to your financial situation, investment experience and investment objective.
- Investing in the China market by the Sub-Fund is subject to certain risks of investing in emerging markets generally and the risks specific to the China market, including risk associated with China A-shares market, risks associated with the Shanghai-Hong Kong Stock Connect / Shenzhen-Hong Kong Stock Connect Scheme and PRC tax risk, etc., the Sub-Fund's ability to achieve its investment objective could be negatively affected.
- Investment involves risks. Fund prices may move up or down and may become valueless. It is likely that investment losses will be incurred rather than profit as a result of buying and selling investment products. Past performance of any fund and securities is of no guide to future performance.
- Investors should not invest based on this fact sheet alone. The investors should read the Explanatory Memorandum of the Sub-Fund including the risk factors before investing, and should consider in detail and decide whether the investment meets their investment needs and ability to withstand risks based on their own financial situation and needs, investment objectives and experience.
