Dear Customers,

ICBC (London) plc offers competitive interest rates for all types of savings accounts. The minimum deposit amount for fixed term deposits is currently 1000.00 pounds (or equivalent).

Opening an account is simple: for existing customers, the new account can be set up and ready to use normally on the same day; for new customers there may be a short delay because of the need to verify identity. These accounts will not involve a processing charge or maintenance fee.

We welcome new customers to the Bank and we endeavour to provide you with highest standards of service.

Your eligible deposits with ICBC (London) plc will be protected up to a total of £85,000 by the Financial Services Compensation Scheme (FSCS). The limit is applied to the total of your eligible deposits held with ICBC (London) plc. Further information can be obtained under <http://www.fscs.org.uk>.

We will write to you 2 months before changing the rate in a way that may negatively impact you.
